

COVID-19 Activity Log

11/18/20

- We have 80 registered for COVID testing tomorrow! Testing is provided by the Illinois Department of Public Health. Kudos to Alaina for organizing everything!
- Dewey drop-in was busy this week with 25 people a day. There were a lot of food pantry visits and many questions about turkeys.
- IAE hospitality had 31 visitors yesterday and 26 today.
- Save the date: We are doing a Virtual Milestone Celebration on 12/3 and THRIVE, our annual gala will also be virtual taking place on 02/20/21. More details on both coming soon!

11/11/20

- Dewey drop-in had 15 visits and not as many showers, but food pantry visits are consistent.
- IAE had 23 visits. The overnight shelter opened on Sunday, and it is going well. There were 16 sheltered and 11 people on the waitlist.
- Check out updated photos in our COVID Photo Gallery:

Staff Spotlight: Jonathan Pacheco

Jonathan joined the Development team in August as the Development Operations Coordinator. Jonathan supports the team and does a lot of data entry, database management, and gift acknowledgement. Prior to joining our team, he worked at Family Network for Children. He realized how much he enjoyed Development and landed an internship in the field to learn more.

He is inspired by the record-breaking impact we have had during the pandemic. His job requires that he needs to be incredibly detail oriented and meeting the high expectations in the role is the biggest challenge.

His personal theme song would be anything Lady Gaga, but he also loves a good Madonna throwback!

Fun Fact! Jonathan is a dancer with Ensemble Espanol Dance Theater!

11/09/20

- Matched 16 participants outside of the hotel program with Rapid Rehousing
- Youth Programs is working with alliance to get matches and interviewing potential participants.
- All programs are going smoothly!

11/04/20

- Thank you to Brittany Simons for leading the staff in a grounding exercise.
- The staff shared a few self-care activities they participate in such as: playing the piano, Netflix and yummy food, yoga, binge watching HGTV, spending time in nature, adult coloring books, and meditation.
- Dewey drop-in had 15 visitors, a few showers and lots of visits to the food pantry.
- IAE had 22 visitors today. The overnight shelter opens Sunday night.
- Live4Lali will be coming weekly for safe needle exchange, condoms, Narcan, and help connect people with recovery treatment. Thanks for setting this up, Alaina!

PERSON OF THE DAY: Breana Calloway!

Breana has been at Connections for a year now. She is a House Mentor at Our House, but also was serving as Milieu Staff at the hotels. Outside of Connections, Breana is a third grade math teacher in CPS. She wanted an additional job that would help people and she was happy to find Connections!

Being at the hotel was challenging when dealing with mental health challenges. With less experience in managing mental health issues, she had to rely on her skills in relationship building to face that challenge.

Breana enjoys traveling and took an annual solo trip to Hawaii pre-COVID (JEALOUS!!!!!!). 😊 It's the most relaxing thing she does for herself.

10/28/20

- Everything is going well at the shelter. The congregate space is also going well. Just in time for Halloween, there "a menacing energy" around. Spooky.
- Congrats to Erin Rosenfeld for celebrating her 2-year anniversary with Connections and Breanna Calloway for reaching a year with us!

10/26/20

- Dewey drop-in had 25 visitors and 6 showers with a lot of visitors to the food pantry.
- IAE Hospitality had 26 visitors with several from the shelter.
- It was a quiet day at Our House with a lot of meetings and trainings for the team.

- Hilda's drop-in had 33 visitors and no showers today.
- IAE: It was slow with 17 visitors today
- Everything is going well at Our House and Youth Programs!

Staff Spotlight: Tiffany Moore

Tiffany has been a part of Connections for four years and has served in many different roles. She started as a part-time case manager, assisted at Our House, and worked in the shelters and MacLeish during COVID. Tiffany is now a full-time employee as a newly appointed Mental Health Specialist.

Tiffany has a passion for social service! Before coming to Connections, she worked at La Casa Norte and Night Ministry. She still finds time to continue to help at Housing Forward! Tiffany is dedicated to helping those in our care and finds the most enjoyment in building relationships with participants. She finds it challenging to say no to a participant because she likes to meet their needs and be fair.

Fun Fact: Tiffany worked in education and was known as "the rapping substitute teacher." At the end of the school day, she would play the latest music and engage her students in rap battles!

Also, Tiffany is a HUGE basketball fan. Her goal is to visit all twenty-nine NBA arenas and has 12 more to go! Tiffany was one of the first virtual fans to be "in the stands" when the NBA went into the bubble. Her favorite player is Jimmy Butler. She has attended his games in Milwaukee and Philadelphia and had pre-COVID plans to see him play in Miami.

10/21/20

Staff Spotlight: Chanelle Brooks!

Chanelle joined Connections in July as a Milieu Assistant. Now the role is called an Operations Specialist. In that role, she makes sure participants have their needs met, distribute food, and

connections

FOR THE HOMELESS

offers advice and support. Anything they need, she's on top of it! Her role will transition to a Mental Health Worker! Much of her job functions will remain the same, but she'll get additional training on de-escalation.

She loves being part of the team and having the opportunity to work during such a challenging time. She loves helping people! Sometimes it's difficult dealing with different personalities. Some days are harder than others.

Fun fact: she has 2 beautiful children that she loves more than ANYTHING! She adopted her daughter who will turn 3 in December and her son just turned 1 this August ❤️

Staff Spotlight: Dontrel Hatfield!

Dontrel is a native Evanstonian - grew up here and went to ETHS. Dontrel moved into Our House about 4 years ago, he is part of the Bridge program now, and will be moving independently soon! He started working with us in July at the hotels. Prior to joining the team at Connections and prior to COVID, he did sound engineering for concerts, press conferences, and sporting events. He did stage crew at ETHS and interned at a studio. He's been doing it for 15 years now, but COVID put a wrench in things, but hopefully more events will take place soon.

He started at Dewey drop-in a couple of weeks ago. He shared that it's humbling to have the opportunity to help people who are going through similar things he's experienced in the past. Sometimes remembering everyone's names can be hard!

Fun Fact: He was a volunteer firefighter for a year in Evanston!

"It's great to work for the organization that's helped me out when I needed it."

9/18/20

Person of the Day: MacKenzie O'Connor!

MacKenzie joined the team in mid-April as a Milieu Assistant and started in the hotels. Now she's transitioned into managing Dewey drop-in. She recently completed her Masters at Loyola and interned at Y.O.U. also in Evanston.

She thinks it's really fun to get to know our participants and establish trust with them. It's encouraging to see the relationships grow and have the opportunity to build trust. The participants who greet her warmly in the morning bring her a lot of joy!

Fun Facts: MACKENZIE REALLY LOVES STAR WARS. Long history of going to Star Wars conventions, watched all the things. SUPER FAN! Also - She is an award winning public speaker!

You rock, MacKenzie!

9/14/20

- 47 visitors, 15 showers at drop-in today
- A family moved into their own apartment today!
- IAE hospitality had 60+ visitors over the last several weeks. Mostly unhoused individuals.

Staff Spotlight: Maggie Cross!

Maggie started at Connections in spring of 2018. She is the first ever Housing Coordinator. She helps connect people to affordable and subsidized housing, helps with housing counseling to keep people housed, and help people with barriers to housing. Prior to joining our team,

Maggie worked at Sarah's Circle in the Uptown neighborhood in Chicago doing housing case management and running the drop-in center.

Fun Fact: Maggie is that she has Canadian citizenship! She lived in Toronto for about 7 years.

9/11/20

Staff Spotlight: Ayanna Brown!

Ayanna started at Connections 7 years ago! She started as a volunteer in the clothing room, worked Milieu, done Outreach, finance, front desk, prevention, case management - EVERYTHING! She's worn all the hats! Now Ayanna is a Community Case Manager. She works at drop-in, has participants who are street homeless, participants in the hotel, and works with a lot of longtime participants. She's helped get a ton of people housed over the years!

Ayanna enjoys building a relationship and establishing trust with participants to work through challenges together. The most challenging part is when a participant can't face the reality of their situation. She turns to prayer, deep breathing, and meditation to help get through difficult times.

Fun fact: Ayanna used to samba dance for a company! She made the dance costumes too!

8/17/20

- Had to offer additional support and care to a few ptps today as there was 1 ambulance transport and an altercation outside.
- We've served more than 80,000 meals since the start of COVID!
- 14 people at IAE Hospitality. They should be able to open the computer room next week. Signs are up for hotel residents to say they are welcome to come but they must wait until community members are served.

Staff Spotlight: Hilary Hrusa!

Hilary joined the team about 3 years ago as an intern in Community Programs while working on her MSW at Northeastern. She serves as a Supportive Housing Case Manager for individuals in the program. She has about 15 participants in her case load. There have been unusual amounts of turnover in the program the last 2 years.

She felt right at home when she started and fell in love with her colleagues  Hilary enjoys having the privilege of building relationships with her participants over long periods of time.

She loves cats and is in the process of adopting a hamster. She has had as many as TWELVE  cats at one time! Hilary and her 12 year old son share a love of baseball too.

- Working hard to keep everyone is wearing their masks across all sites.
- Fingers crossed for Our House resident interviewing for a new job!
- We have served 80,000 meals since the pandemic began! WOW!

Staff Spotlight: Shenisha Perkins!

Shenisha started in May 2019 as an Outreach Specialist. We missed Shenisha greatly while she was out on maternity leave. She's a mama to 2 sweet boys.

Shenisha's journey to Connections had a few twists and turns. She worked at Kenneth Young and then was going to school to become a paralegal. In her role, Shenisha goes to suburban areas to engage with individuals experiencing street homelessness. She works to build a relationship with neighbors so that we can support them and connect them with services. Shenisha loves working with our new Outreach Specialist Sam! She loves her coworkers, she has fun and really connects with her colleagues and participants

Shenisha loves hosting people and has a soft spot for cake and ice cream.

We love Shenisha!

- Our House is doing well but they received the unfortunate news that one of the recent shootings in Evanston was a participant's relative. Marlena will be doing some general counseling and support for the participant.
- Welcome to Abigail Ayala Soberanis as the Bilingual CM in Supportive Housing!

Staff Spotlight: Julissa Flores!

Julissa started with Connections in the middle of May as the Housing Program Manager. In her role she manages the Housing Specialists Team who are working hard to locate housing for hotel residents. Julissa also is responsible for the new RRH program. She is so grateful for the team effort and support she receives from her colleagues.

Julissa came from Heartland Alliance and worked on RRH. Both Tina and our newest addition to the team Abigail also came from Heartland.

She likes that everyday is different - keeps things interesting! Finding housing for people with many barriers is the biggest challenge.

Fun fact! Julissa saved up for a year to backpack through India for nearly a month with a few girlfriends for her 30th birthday. SO COOL!

The way Jeff says her name is in fact the correct way to pronounce it but only Jeff and her family say it that way

- On site testing will take place at hotel again in 2 weeks.

Department Overview: Finance & Operations!

Presented by Randal Hamburg

Main responsibilities are money, billing, payroll, facilities, insurance, etc.

Our Fiscal Year begins on July 1 and runs through June 30. We are working on the FY21 budget. This helps us know how many staff members we can afford to hire, how many people we can serve through our programs, and how much money the Dev Team needs to raise.

Connections is a registered non profit and is a 501c3 organization which means donors can make tax deductible donations and we are also tax exempt.

For FY20 Connections has received 6.6 million in revenue with 1/2 coming from fundraising and 1/2 coming from government and we've grown to 75 employees. We expect the FY21 budget to be around 8 million - a massive growth! A new Grants Accountant will be joining the team soon. Government Grants and Private Donations are the primary sources of revenue. It's about a 50/50 split. We have about 10 Government Funders and we'll be adding 2 new funders this year. These funds usually go toward participant housing costs but some also support salaries for particular roles. In order to receive our grant money, we have to keep careful records of every transaction. Monthly reports are sent to each funder and each funder has different requirements. Reports include timesheets - that's why it's so important to get them in on time.

7/22/20

- 45 visitors and 12 showers at drop-in today
- One of our participants passed away in his hotel room this weekend and another recently passed away at the hospital. We are deeply saddened by this news and we hold each participant and their loved ones in our hearts. Additional resources for support during this difficult time have been distributed over email.
- Some Our House residents did therapy with our partners at the Josselyn Center today.
- A participant recently moved into their own place in Arlington Heights. We expect 2 more moves before this week is out!

Staff Spotlight: Mari Horowitz!

Mari joined the team 5 years ago this October. She is a Case Manager in the Permanent Supportive Housing program and works with individual adults. Mari has a case load of 15 participants.

Before joining Connections, Mari worked at another housing agency in Chicago. It was a very different setting, but doing similar work. She loves the vibe here and enjoys our office setting. She's had 3 other jobs in the sector and she loves Connections best ❤️ She loves the team and has been happy here since she started. Case notes are her least favorite part of her job.

Fun Fact: Mari is a Buckeye and went to The Ohio State. Mari is also a cat mom 🐱 she's enamored with her.

7/20/20

- 39 visitors at drop-in today.
- There are a few challenging participants that aren't respecting time limits at drop-in. Staff will determine best way to serve these ptps
- Internet will be wired this morning at the adjacent office space we'll be moving into soon.
- Made space for shelter residents to utilize downstairs where it's air conditioned to beat the heat this weekend
- Prioritizing locating housing for hotel residents. Figuring out best approach and pathways. Still hiring additional staff.
- 10 people at Interfaith Action Hospitality Center today

Staff Spotlight: Jarrett Kennedy!

He is a recent graduate of Southern Illinois, started working with Connections last month and is at MacLeish. This is his first job. He likes it so far and likes everyone on the team.

Every day is different! Participants' personalities change throughout the day and you never know what you're going to get! He enjoys getting to know different people and learning new things. That's his favorite part. He's learned a lot from the residents. As a younger member of the team, sometimes the residents don't take him seriously or see him as an authority figure. That's the biggest challenge.

Fun fact: Jarrett really likes ketchup and he puts it on EVERYTHING.

7/17/20

- 37 visitors and 10 showers at drop in today
- Was a stressful day at drop-in. There was 1 altercation and a participant called the police.
- GCFD delivery came and delivered 2,700 lbs of food!
- Small physical altercation at the shelter today that staff were able to diffuse
- Very peaceful day at the hotel

- 40 people were tested on site yesterday.
- We had 2 more people move into their own places yesterday with a couple more preparing to move soon!

Department Overview: Development! presented by the wonderful Carolyn Bishop

We want to share Connections story with the community & beyond, partner with individuals, businesses, and organizations to end homelessness, one person at a time.

Our Fiscal Year runs July 1 - June 30 so we just wrapped FY20.

FY20 Giving Estimates:

- Institutional Giving brought in 1.2 million through 76 institutions last year (government, foundations, faith communities, corporate)
- Fundraising Events raised \$688k last year
- Individuals gave 1.8 million last year with about 1500 individual donors

What we do:

- The Development Team cultivates relationships and makes friends of the agency - neighbors, volunteers, Board Members, community leaders, and more. These friends help us make new friends. We share our story and our impact with these friends to help raise funds to continue to do our work. We wouldn't have anything to talk about or any stories to share without the tremendous work the rest of the agency is doing every day. Development staff might ask you about your experiences, highlights, moments you're proud of, big and little wins so that we can share these moments with our community of supporters and so we can keep the lights on, pay everyone, run our programs, and serve our participants!

7/16/20

- Need to reinforce hard stop at 2pm for end of services at drop-in
- Food depository delivery at drop-in tomorrow. Plenty of volunteers scheduled to support.

- 46 visitors and 11 showers at drop-in today.
- Another food depository delivery will come on Friday.
- Still very hot at Interfaith Hospitality Center.
- On site testing will take place at shelter tomorrow. There are lots of openings.

Staff Spotlight: Chante Latimore!

Joined the team at the end of April and serves as Milieu Staff at the hotel. Chante is a Diverse Learning Kindergarten Teacher in CPS. She is currently at Pershing Magnet.

Fun fact! Chante recently got engaged! She met her fiance Michael through a mutual friend

They will wed in August! They will have a low frills wedding that's alllll about their love and union.

Chante loves to help her community and getting to know the participants. In addition to serving the participants makes the role extra special and important. Some of the challenges are getting to know the specific personalities and challenges participants face. You're really, really awesome Chante and we're so glad you're part of the team!

7/13/20

- 45 visitors at drop in today with 8 showers.
- Plans for utilizing adjacent office space at Dewey is in the works.
- We have space for 1 male-identifying resident at the shelter following a discharge. New resident will move in today.
- Many incident reports were filed over the weekend at the hotel. Mostly minor situations.
- Photographer will be on site on Wednesday to take head shots for the website.
- All COVID tests from last week came back negative. WOOT! 1 participant was showing symptoms and they are now in isolation and the city health department was notified.

Staff Spotlight: Hail Khalaf!

Hail is the Volunteer Coordinator and he also manages all in-kind donations. He joined the team in May 2019. Prior to coming to Connections he worked for the United Nations as an Emergency Officer in Africa and the Middle East. He met his wife, who is originally from Winnetka, in the South Sudan. He followed his love all the way to the North Shore. He worked in the field for 2.5 years. He focused on building camps and camp management.

After a long search he found the opportunity at Connections! He doesn't see any similarities between his old job and his new except for a serious need for basic needs being met. Hail loves our community, his team and the broader Connections team.

Fun facts: Hail speaks Arabic and he beat Jeff in a very competitive hummus competition. In college he competed in a video game competition and he came in second place out of hundreds of people!

7/10/20

- 48 visitors to drop-in today, 12 showers, 22 pantry visits.
- Food Depository delivery today.
- If a ptp is sleeping in the doorway or on the sidewalk, gently ask them to move to another spot and share drop-in hours with them, offer them a lunch. If available, have Outreach staff - Shenisha and Sam - engage with them.
- Overnight hotel staff did a great job handling a difficult situation last night.
- A new resident from the hotel moved into our Our House and another came from a partner agency. Both are doing great! Don't anticipate additional openings until fall when additional funding comes through.
- Families have been identified for the Evanston Rapid Rehousing funding and staff is working hard to locate housing solutions.
- Lunch was really late to the shelter today.
- Weekly meals menu is posted on Teams Meals Channel and staff is encouraged to print and post in the elevators.
- Interfaith Action Hospitality Center will open the computer room and staff offering job support next month.
- James took a participant to check out their new place that they will hopefully move into next week!
- Alison Albelda's last day will be on Wednesday, but she'll return as a volunteer this fall!

Jeff Ayoub presented on all things-Data!

- We served 2400 participants in FY20! - 1k of that total comes through drop-in
- Case management makes up the bulk of the thousands of services offered
- 1,054 visits to health clinics in FY20! 464 visits to the psych clinic that takes place on Tuesdays.
- 489 new households connected to housing or supported with prevention funding
- We do 2,000 Internal Referral Forms each year - 55% are for case management , 23% for prevention, 15% for housing
- The Data department (aka Jeff) helps with reporting especially government and for other funders - usually working with Elizabeth (Liz) Novak, and also on reports for managers as well as data review to plan strategically.

Thanks for the fun and informative presentation, Jeff!

7/8/20

- 34 visitors at drop-in today with 17 showers.

- MacKenzie O'Connor will be managing drop-in moving forward. Maddie Aybar was recently promoted to be at the hotel moving forward.
- Greater Chicago Food Depository delivery coming on Friday.
- 455 visits to the food pantry last month, 644 people served!
- The shelter has a new fridge in the kitchen and the old one will go to drop-in.
- Super hot in the shelter.
- 40 participants and staff were tested on site at the hotel today.
- 4 people at Interfaith Action Hospitality Center today. It's very hot in the space.
- Reminder that if you have any symptoms – especially COVID-like symptoms – to notify your supervisor immediately before coming in or another manager. You must get clearance prior to your shift. If you're not permitted to work due to symptoms or can't return until test results come in, fear not! Your pay is covered by the COVID PTO.
- We've distributed more than 62k meals over the last few months!

Staff Spotlight: Roxana Villatoro (AKA Roxy)!

Roxy started at Connections in Oct. 2018 as a Case Manager for Housing Programs. She has 10 families and 2 individuals on her case load. Roxy is stationed at the hotel for case management now.

Right before she completed her degree, she was interested in working in homeless services. She had never heard of Connections but was connected by a contact at the YMCA and she went for it! She enjoys her team and coworkers and that every day is an adventure and something different - "you keep on growing, and keep on learning." Roxy's biggest challenge is remembering to meet participants where they are and not get too attached to them and their goals.

She has a younger brother, she is Mexican and Guatemalan, bilingual. Roxy was in a bachata dance team and loves boxing and hot yoga too. You're the best, Roxy!

7/6/20

- 53 visitors at drop-in today! Tent was set up to provide coverage from the sun.
- There was an altercation yesterday that led to asking a participant to leave the space for the night. Staff will meet with the participant tomorrow to determine if they can remain safe in the space.
- A hotel resident transferred to the Evanston Hospital after being found outside. They were identified because of their Connections name badge and the hospital has been in touch with us.

Staff Spotlight: Areka Shelley!

connections

FOR THE HOMELESS

- Areka is a Milieu Assistant and started back in April. Areka is originally from the South Side of Chicago. Areka loves getting to know the participants and listening to some of their stories. Areka pulls from her own lived experience to better understand and connect with current participants. Areka was a Registered Nurse for over 20 years before coming to Connections.

7/1/20

- One person was exited at shelter after not being seen for awhile. The bed was filled today.
- Hotel was calmer today. The management team is addressing reoccurring behavioral issues with particular hotel residents.
- New Milieu staff starting this week and looking to hire more.
- 58,000 meals have been distributed to ptps across our programs since the beginning of the pandemic! Snaps to Hail for managing this huge undertaking.
- Interviewing for the open Housing Case Manager, Prevention Specialist, and Community Case Manager positions, reviewing candidates for other open positions and posting more new positions soon. New staffing pattern for Dewey with changes within Operations will be implemented this week.
- Getting newly acquired space adjacent to Dewey set up and ready to utilize and figuring out who will go where.
- Our House team is focused on team expansion efforts and is otherwise doing well!
- Housing Team has identified the 21 Evanston families who qualify for new RRH funds.
- Emerson Square wait list opened. Community Case Managers got several ptps on the list. HACC opened up a senior housing wait list too.
- New resident moved in at shelter. Opening was made available because a resident moved into their new place!
- Interfaith Hospitality Center had about 5 visitors today.

Staff Spotlight: Alison Albelda!

- Alison joined the team on May 7 as part of the Milieu Assistant crew. She previously interned with Connections last summer, and most recently returned from studying abroad in Ghana after the trip was cut short because of the pandemic. Alison is a student at Northwestern and is a rising senior - she likes to advocate and encourage a deeper relationship between the University and Connections, yay! She also appreciates this job because she gets to interact with lots of different people, every day brings something new, and she gets to use her skill set to empower others. Alison also described that the work can be challenging, especially navigating boundaries. If you want to learn to touch your tongue to your nose or practice your French, she's your go-to gal. Thanks, Alison!

- New incident reporting system will be implemented soon – similar to what’s used at other sites.
- Staff is determining the best way to reinforce safety precautions and ensure everyone is wearing masks/getting temps taken/etc.
- Busy and difficult weekend at hotel this weekend with multiple ambulance calls over the weekend and other altercations took place.
- Construction is on hold at this point for women’s shelter. Other plans are being explored.
- We are sad to learn of the loss of Mike Jones. His best friend and roommate, Tim Nolan is keeping us updated about arrangements. Mike was one of the sweetest men you can imagine meeting and we will miss him dearly.

Staff Spotlight: Jane Syh

- Jane is a Housing Specialist who joined the team 6 weeks ago. She previously worked at Thresholds followed by a ministerial internship before coming to Connections. She has a MSW from the University of Chicago. If you want to talk to Jane about the meaning of life, catch her one-on-one to start the discussion! She enjoys getting to know people as part of her work and it's also what she finds challenging about the job. Fun fact about Jane, her Great Uncle was the President of Taiwan. Welcome Jane!

6/26/20

- Drop-in will be closed next Friday, July 3 in observation of July 4th holiday
- Had one exit at shelter after resident hadn’t been seen in awhile. A new participant will move in today.
- There will be a new manager staffing pattern to make sure there’s staff on site at hotel to address issues and work through incident reports. Tina, Julissa, James, Andrew, and Jen will rotate.
- A hotel resident moved into their own apartment today!
- Housekeeping went well today
- Security cameras are being installed at Our House next week.
- Dr. Hauser will have clinic this Thursday.
- All IDHS Prevention funding has been spent! Great job, team! We’re getting more on July 1.

Special Presentation on Advocacy - Sue Loellbach

Important work because there are so many barriers and systemic problems related to housing for the people we work with.

- drug use, criminal background domestic violence, poor credit, mental illness, etc. may create additional barriers to housing
- NIMBY (Not In My Back Yard) mentality

connections

FOR THE HOMELESS

- lack of affordable housing available (especially in wealthy neighborhoods - but Evanston is ahead of many other municipalities!)
- housing discrimination

To combat that, Joining Forces for Affordable Housing takes the following actions

- community education through workshops, meetings, presentations, etc.
 - do myth busting (affordable housing won't make their property values go down)
 - affordable housing adds value to community
 - half the population pays more than 30% which is what is considered affordable on their housing
 - educating landlords too
- advocacy at state and national level
 - work on changing faulty laws
 - advocate with legislators
 - advocate for new affordable buildings
- community organizing
 - try to engage people with lived experience to become advocates
 - train people and connect them with actions like rallies or visit with legislators to share their story

Tell Sue about your clients' success stories and connect them with Sue if they'd like to share their story! Staff are welcome to participate in advocacy and it's highly valuable.

6/24/20

- Recruiting more volunteers to help at Dewey drop-in
- Brief fight outside of Dewey today but staff was able to deescalate quickly
- Continue to get requests to stay at emergency shelter but it's at capacity.
- Still hiring more Milieu Staff – connect2home.org/career
- City of Evanston confirmed \$370k will be given for Rapid Rehousing for 21 Evanston Families. The housing team is wrapping up assessments and will begin looking for apartments.
- Housing team is also actively working on identifying new landlords and building relationships and acquiring testimonials from landlords. Joining Forces for Affordable Housing is looking into creating support groups or programming for landlords too.
- Narcan training is today at 3. City of Evanston Health Dept. also donated 24 doses of Narcan and the doses will be distributed to each site. Will determine how to make them available to participants because they're more likely to utilize them for themselves or their peers.
- Health Clinic at shelter on Tuesday
- Interfaith Hospitality Center has been getting 10-15 people each day.

Staff Spotlight: Carolyn Bishop!

Carolyn started 2.5 years ago as the Development Operations Specialist. She manages gift acknowledgements, provides a lot of support to the Board of Directors especially with meetings and strategic planning. She's VERY busy all the time and does SO much for this organization. Carolyn has had many careers from the wedding industry to non profits. She used to work at Teen Living Programs with Betty before she joined the team here.

She really loves her Development teammates (we love you too, CB!) ❤️ and the entire Connections staff! She really loves our Board too - "they are really amazing people who really care about our work." When COVID began a beautiful thing happened - we've had over 1k gifts and raised 1.7 million in private fundraising since March 1. It's really awesome, but Carolyn is responsible for thanking those people with their acknowledgement letters! She's still catching up!

Fun fact: Carolyn's mom is Colombian so she is 1/2 Latina.

6/22/20

- Pretty busy day with 43 participants visiting and 17 showers.
- A few challenges are being presented at the emergency shelter regarding one participant and unauthorized entry into the kitchen. Staff is addressing.
- Testing will take place on site every 2 weeks at the emergency shelter.
- Curfew at hotel is still challenging but overall it's going ok.
- Good day at IAE Hospitality. James, Shenisha & Sam came over to say hello. 15 people today with some new folks.
- Our House has 2 new participants starting the program today.
- ALL COVID tests came back negative from the onsite testing last week.
- We're still actively hiring more Milieu Staff. Jobs are listed online at connect2home.org/careers.

Staff Spotlight: Sam Alden!

Sam joined the team in mid-April. He started as a Milieu Assistant and he recently moved into the Outreach Specialist position. He connects with ptps through recommendations from community members or internal staff.

Sam grew up here in Evanston and has deep roots! Him and Deon played football and lacrosse together at ETHS!

He was previously working with our partners at Curt's Cafe to open their Highland Park restaurant and they recommended Sam to us.

Sam loves talking to people and forming relationships with our participant. "We all want to help people!"

FOR THE HOMELESS

- Today we celebrate Juneteenth, the oldest celebration commemorating the official end of slavery in America. Connections hasn't recognized this holiday before and we're going to do better at that.
- Food Depository delivery today.
- New staff started at hotel today and they're great! New Milieu Staff started today with more starting on Monday.
- 1 hotel exit today due to room damage.
- 8 participants tested at the hotel yesterday.
- 15 people at Interfaith Action Hospitality Center today.
- City Health Manager took a tour of our spaces today.
- Speaking with Advocate Health about ongoing testing and mental health support.
- Staff have identified a new partner who will help more affordable Narcan and a Narcan training for all staff. Training will be this Wednesday at 3. More will be offered. They also have a harm reduction van with a safe needle exchange, lunches, on site blood pressure testing, etc. But would need to fund a trip to Evanston.

Friday Feature: Temporary Supports by Jen Feuer-Crystal and Bessie Simmons

Temporary supports includes: TBRA, Prevention, and Rapid Re-Rehousing. Today's focus will be on Rapid Re-Housing.

Overview: Temporary rental assistance program, generally lasts 3-24 months, so long as funding is available. To be eligible: have to be literally homeless and meet HUD's definition -- literally homelessness for 1 night (shelter, car, inhabitable place). We currently have 4 households in RRH funded by the City of Evanston, 4 households in RRH funded by Cook County, and 5 households in RRH funded by VOCA.

Process: Participants must do an intake at Dewey and then go through the Alliance's coordinated entry process. Some RRH is specific for Evanston households where they need to be a resident, have kids that go to Evanston schools or work in Evanston. Other RRH is for people who can live anywhere in suburban Cook County (except Evanston), and the other RRH is restricted to survivors of domestic violence and in partnership with the YWCA.

Once people go through the coordinated entry process and are matched to an RRH unit, Bessie completes the intake and then starts looking for apartments (Evanston, Skokie, Des Plaines...etc).

Success Stories:

- A family in the housing program had really struggled, and as they got near the end of the program, amazing things came together. Both Mom and Dad got great jobs, they're paying their own rent, and they haven't been back to Connections since graduating from the program.

connections

FOR THE HOMELESS

- Two family members in the program found their own affordable unit in the south suburbs, where they are saving almost \$500 each month on rent payments
- Another family where her and her partner have increased their income and are about to exit the program and maintain their housing

Challenges:

- People that are being matched to RRH actually need permanent support, and we are finding out after people move into housing they have disabilities and seeing the full scope of their challenges
- People need longer than a year, 12 months is not enough rental assistance support and most people (90%) are on fixed incomes
- Restrictions on what the funding can pay for, like furniture, but we have new relationships with the Chicago Furniture Bank, allowing us to meet these needs

6/15/20

- Hotel move went well today. Big thanks to Operations Manager Andrew and all the movers and helpers.
- IAE Hospitality had 7 people today. Sue Murphy will be meeting with her staff on Thursday with hopes of reopening the computers soon.
- US Census count going well and will soon reach out to housed participants.

Staff Spotlight: Maddie Aybar

Started April 22 but is a former volunteer. Maddie serves as the Milieu Assistant who runs drop-in at Dewey M-F.

Maddie found us while trying to make a donation to a local organization and wanted to start volunteering. Before joining the team Maddie was a professional figure skater (for real!). She LOVES her job here and getting to interact with our regular participants. Maddie has already formed so many relationships with participants during her short time here. The emotional labor is tough and she's learning how to take superb care of herself so she can continue to take great care of our participants

6/12/20

- Greater Chicago Food Depository delivery coming today
- A donated lunch for staff will be delivered today after 11:30 a.m. at Dewey
- Emergency shelter is at capacity
- Women's shelter beds were picked up from Chicago Furniture Bank today
- 14 people were tested on site at the emergency shelter yesterday
- Moving hotel residents into one location on Monday.
- Sam, new Outreach Specialist, has been spending time at the hotel a few evenings a week and outside the hotel to help manage any incidents and it's been very helpful.
- Hotel resident moved into their own apartment yesterday!

connections

FOR THE HOMELESS

- Between March 23 through June 7, we've delivered 44k meals and spent 200k. Average meal cost is \$4.50.
- 10 people at Interfaith Hospitality Center today
- Betty is looking into an external resource for a support group for women of color on staff and has reached out to the YWCA about continuing our equity efforts virtually. Staff have been encouraged to share recommendations, resources, or feedback with their managers.

Permanent Supportive Housing (PSH) Special Overview presented by Community Program Manager James Barnett

- Can be for both individuals or families
- Most sustainable solution to end homelessness
- Permanent - no end date, people can stay for the rest of their lives if they choose too.
- Supportive - includes a case management component
- Matched through Coordinated Entry System - HMIS (Homeless Management Information System) Managed by our Continuum of Care, the Alliance to End Homelessness in Suburban Cook County.
- Qualifications include: continuously homeless or 12 months or 4 episodes within the last 3 years that total 12 months, one member of household must have a disability or disabling condition, VISPDAT (vulnerability) Score must be 8+
- Staff completing paperwork can make note if they believe they'd receive a higher score if the participant had answered their questions differently
- When ptps get entered into the system and meet the requirements, then we wait for them to get matched. Must be have a note of service at least once every 30 days on their file to be reviewed.
- Risk is low for landlords. Resident pays 30% of their income (job, SSI, etc.) and agency they work with pays the rest. Even with no income, people can still qualify.
- We have 54 PSH units. The turnover is rare. We had 4 openings this year with 2/4 matches coming from internal participants.

6/10/20:

- 45 people at drop-in today. It was busy!
- Greater Chicago Food Depository delivery on Friday. Recruited additional volunteers to help out.
- New participants moved in yesterday and more today at emergency shelter.
- Nurse & ER Doc coming to emergency shelter for on-site testing tomorrow
- Census efforts continue!
- Letters were given to parents at the hotels about rules and expectations around supervising children.

- **Staff Feature:** Maria Ynot
Position: Case Manager for TBRA
Started: July 30, 2012 - started as a receptionist, then did prevention, and ESG, and now Case Manager for TBRA!

What brought you to this job? Connections was there to help Maria and her family in the past. She wants to provide support and services to families with similar experiences. Connections showed her there's always light at the end of the tunnel and she strives to show that light for our ptps!

What's most challenging? Finding affordable housing that is sustainable for families in this area!

Maria is a proud mother of 5 and happy grandmother of 4!

Paula gave Maria a shout out for being an amazing Case Manager for her and her fam and Jen FC couldn't make the call and wanted to share some snaps: "Maria has played many roles at Connections from volunteer Receptionist at one point, Prevention Specialist, TBRA and RRH CM. Maria is open to helping in any way at Connections and has worked way too much overtime during the pandemic to keep us afloat! Maria has a great sense of humor and a contagious laugh!"

SPECIAL STATE OF THE AGENCY – FROM BETTY

Our Growth

- Last May we had 43 staff. Today we have 59!
- We have extended offers to 5 Housing Specialists for a 90-day temp position. We hope we will be able to have some stay on. They will focus on securing housing for hotel residents.
- This is tremendous growth in a short period of time. We will continue to move forward.

Operations Moving Forward (in the short-term)

- We will continue operating these hotel rooms at least through the stay at home order. If the Governor lifts the stay at home order at the end of the month, we will continue to maintain hotel operations as we can find housing solutions for our hotel residents. Shelter operations may adjust as well.
- While we identify housing solutions, we will continue to be as flexible as possible while also focusing on meeting the clients' needs and following any funding restrictions.
- We will utilize external partners for job training as needed.
- Some temporary positions may become permanent and some new positions may be created in response to changes in operations.
